Erik den Rødes efterkommere, de norrøne grøn-lændere, beboede det sydvestlige Grønland i et halvt årtusinde indtil midten af 1400-årene, hvor de sidste nordboere af endnu uopklarede grunde forsvandt. Den grønlandske jord har bevaret den unikke kulturarv efter nordboerne, og Woven into the Earth præsenterer et fuldstændigt katalog over de norrøne tekstilfund fra 28 lokaliteter udgravet af danske arkæologer igennem de sidste par hundrede år.
